By H G Hardt

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from A Guide for the Clinical Examination of Children This syllabus is designed to furnish a guide for the examination and analytic study of atypical individuals, children primarily. It is divided into five parts, the first presenting an outline for the record of the subject's history, the second an outline for the recording of his characteristics and abilities as manifested during the first month or so of his institution life, the third an outline for the physical examination, the fourth an outline for the post-mortem examination, and the fifth explicit directions for the mental examination. The mental examination is divided into two parts. The first an examination for the diagnosis, the second an intensive examination for the purpose of mental analysis. The examination for diagnosis is made by means of the Binet-Simon Measuring Scale of the Intelligence. The Binet Scale is the most highly perfected system of tests for diagnostic purposes. It is the only series of tests of any description which has been so adapted to an established classification as to give absolute uniformity...
