

## Elements of Faith V1: Hydrogen to Tin: Faith Facts Learning Lessons from the Periodic Table

By Richard Duncan

Master Books, United States, 2008. Paperback. Book Condition: New. 269 x 211 mm. Language: English . Brand New Book. The periodic table of elements presented as never before! The tiniest elements that make up the world and ourselves are more than just scientific odds and ends. Each and every one is an opportunity to celebrate the power, wisdom, order, and ingenuity of our Creator! Elements of Faith, Volume 1 examines the first 50 elements of the Periodic Table and finds meaningful insights and spiritual applications in each of them. A look at the elements can teach many lessons from the awesomeness of God's creation to the dedication of many God-fearing scientists who have been so influential in the history of science. Each Entry in Elements of Faith is presented in the following format: Data: Interesting facts about each element and a related Scripture passage. Analysis: Discussion of the element's importance in the history of science, in everyday life, or even in the Bible itself. Reaction: A life lesson based on the unique qualities of each element. Application: Inspiration to put these spiritual insights into practice in the believer's life. Sample questions and simple experiments are also sprinkled...
