Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

TRICKS

Cambria Hebert, United States, 2014. Paperback. Book Condition: New. 211 x 130 mm. Language: English . Brand New Book ***** Print on Demand *****.Love can play tricks on your heart. After serving several years in the United States Marine Corps, Sergeant Tucker Patton decides to hang up his uniform and go to work at a private investigative firm owned by his buddy. His boxes are packed and he's got one foot out the door when a phone call changes everything. Instead of going to North Carolina, he heads to New York City to literally step into the life of his twin brother, who died under suspicious circumstances. But pretending to be someone else isn't easy. Especially when the person you're supposed to be is wanted dead. Not only that, but he's going from being blissfully single to living with his brother's woman. An uptight, no-nonsense lawyer. Charlotte Rose Carter doesn't have time for fun and games. She graduated with honors and made all the right moves fresh out of college to jumpstart her career as a successful young lawyer. She even snagged the most eligible bachelor in New York City's corporate world. So what if her and Max's relationship isn't burning up the sheets? So what if their life doesn't read like a chapter from a sizzling romance novel? This is the real world, and in the real world that stuff is just fantasy. Until it isn't. Suddenly, just the slightest touch or a single glance from Max has her heart doing somersaults. Suddenly, the lackluster relationship begins to spark, and Charlotte finds herself tied in a knot of desire. But she has no idea about the tricks being played right under her perky little nose.
