Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book. Excerpt from The Child s Own Book of American Geography This little book is believed to be essentially different, in several respects, from any one that has yet appeared. It is prepared for mere children, and is intended strictly as a First book of Geography. Among all those now in use, many of which are doubtless excellent, it is believed there are none, the style and arrangement of which, are well suited to beginners. The Author has attempted to furnish such a book as appears to be needed; one that maybe used for initiation, and that may properly be put into the hands of the pupil before any other. When he has been through this, he will be prepared for some more extensive system of Geography. This book may also be used to advantage, as an Introduction to the First Book of History. It will be observed that the work contains only American Geography. It was thought that the Geography of our own Hemisphere, was not only the most important part of the study, but that it was the most convenient and proper, to be used for the purpose of introducing the pupil to a first acquaintance with the subject, generally. The greatest difficulty in teaching Geography, is at the beginning. The design of this book is, to remove this difficulty, and the study of our own Geography is used to secure this end. The pupil once introduced, will easily find books to aid his farther progress. If we might be permitted to name a work to follow this, we would recommend the Malte Brun School Geography, as being arranged on a similar plan, and to which, we should regard the...
