Brand New Book ***** Print on Demand *****.Excerpt from Genealogy of the Families of Kings: Who Lived in Raynham From 1680, to the Present, 1865 Many families in this country can trace their genealogy only through a few generations. They would like to know the origin of their ancestors, but the knowledge of it is lost, as the history of it was never written on stone or in books. The revolution in England and the removal of many families to this country, have occasioned the loss of many family records. The origin of others was so humble, it was not thought worthy to be registered. As a people become intelligent and refined, they set a higher value on a knowledge of their ancestors, and will not only raise the marble monument to their memory, but keep an exact history of them. It is only a few years since that the law has required in every town a record of births, deaths and marriages. Such a record will tend to preserve the genealogy of families which will be interesting to posterity. It is not sufficient to know the names of our ancestors through successive generations; we wish to know their traits of character, - their worthy deeds and their influence on society, that we, and those who come after us, may be benefited by their example.
