Octopus

By Richard Schweid

Reaktion Books. Paperback. Book Condition: new. BRAND NEW, Octopus, Richard Schweid, The octopus is generally acknowledged to be the most intelligent invertebrate in the world: according to marine biologists the common octopus (*Octopus vulgaris*) has a mental capacity comparable with that of a dog. If you look at an octopus the octopus will look back at you, and actually think about and remember what it is seeing. Octopus relates both what is known and unknown about the mind of an octopus, as well as detailing the animal's remarkable natural history. It is thought to have developed intelligence to compensate for the lack of a shell, rather like human beings. That's where the similarity ends, however - the octopus is short-lived, with a lifespan of two years at most, and it mates only once during its life. A wily creature with an extremely sophisticated camouflage system, the octopus can change the color of its skin to blend in with its surroundings; should this fail it deploys clouds of ink to cover a hasty retreat. And there is no more adept escape artist than an octopus, which can squeeze its boneless body through seemingly impossibly tight openings - as many an unwary...

Reviews

Basically no terms to clarify. It is actually written in basic terms rather than confusing. I found out this ebook from my dad and I suggested this book to find out.
